shalf of the company, bade the President farewell. Wilmington Light Infantry Company, I wish to bid warded by every steamer expressly for their paper. This and a most kindly and grateful farewell. I am very novel feature in literary journalism must commend the arch indebted to you for the honor which you have con- NEW YORK WAVERLEY to every home circle, and its enerferred upon me by accompanying me ever since I came this noble old North State. I have never met a comcany of gentlemen more correct in their conduct, more

and in their discipline, and better deserving the gratitude rate who might have been constitutionally elected .--But yet I flatter myself that though this might have seen done, we do not part with those cordial, formal fficial feelings which might have existed under different ircumstances. I know very well what has been the haracter of the people of Wilmington from the days of the Revolution. I know how your Wilmington ancestors resisted the British forces in "the time that tried men's souls:" (applause,) and I venture to predict. (I lope the necessity may never exist,) that if that time should ever come, you would emulate the bravery of your ancestors, and do as much honor to your country in these times as they did in the past generation. I have often heard of Wilmington. I hope it will not be considered importiment if I refer to the best friend I ever had-a man with whom I was more intimate than ever I was with any other man-a man of pure patriotm, and as high a sense of honor as any that ever exis-_I refer to the late Col. Wm. R. King, who was not a man ever to boast. But I have heard him talking more of Wilmington, and of the honor of having repreented the Wilmington district, than ever I have heard an talk of being Senator of the United States or Vice President of the country. I do not refer to him in any nobtical connection. God forbid. I will not do so now or upon any other occasion; but I do refer to him who moves from North-Carolina to any other State, leaves his heart at home. (Applause.)

I thank you for your kindness, and I hope, that if in my time any of you shall come to the seat of government, you will let me know that a member of the Wilmington Light Infantry company is at hand, and that will be tarewell. I wish you collectively as a company, and indi-

And now, gentlemen, when I am about to part with you. I must refer for one moment to the city of Wilmington -that eye of the State from which you come. It is true that you represent that city, and when I was identified with it in my youth, it took the lead in every noble, generous, forward movement. It was from Wilmington that the spirit of internal improvement first went forth, which has since operated so beneficially for the good Old North State. It was the impulse, the spirit and the energy which your city threw into that question that has caused the State to be mapped all over with improvements by railroads. And not only so, you were not only first in this great work, but, I believe, as you were first in the revolution, when there is any other great work on hand, you will be among the foremost citizens and among the number who will take the lead. Gentlemen, let your aim be in any emergency that may arise " your country's, God's and truths," and with the discipline learning and intelligence which you possess, I know that when you unsheath the sword in such a cause, you will FIRST THREE MONTHS of Pregnancy, as they are

Three cheers were then given for Gov. Ellis. The Governor came forward and said : Capt. Ours is a pleasant, refired, and healthy situation-sufficiently remote from the various rail roads which intersect each other here, to be free from annoyance. Our location is also abundantly far enough above the level of the sea to insure good health. Of this our history for the three years past affords the most satisfactory evidence; and at the same time, our pupils may return home at the close of the Spring term, without risk from too sudden transition of climate. Why send your daughters and wards to the vicinity of the mountains to spend the Winter and Spring-the most healthy seasons of the year-and then carry them down among the swamps of the eastern counties, to pass their long Summer vacation, and in many instances to sicken and die before the time arrives for them to return to School?

Remember, too, that the additional expense for rail road tickets, hotel bills, &c., necessarily incurred in carrying a pupil to any Female College west of this point, will be more than enough to pay for the inition of that pupil in Wayne Female College one Session. TURPENTINE-Since our review of Thursday last there has been a fair demand for shipping and distilling purposes, and the market has ruled firm at previous quotations-3 50 for a 3%. virgin, \$3 for yellow dip, and \$1 75 for hard. Owing to the low stage of the water courses, little or none has arrived from above tide-way, and the receipts continue unusually light for the season, the sales for the week just ended footing up only 2,185 bbls., as follows:

Virgin. Yel. Dip Bbls. 180.....\$3 50.....\$3 00. 333..... 3 50..... 3 00.. Saturday.... 3 50..... 3 60... 342..... 3 50..... 3 00...... Tuesday... 395..... 3 50..... 3 00...... 3 50...... 3 00.......

SPIRITS TURPENTINE-The market continued steady at last Thursday's quotation (42 cents) up to Monday, when actions, however, confirm a decline since Tuesday, of one there was a better feeling among buyers, and the price adyour Hair Restorative, as being the most efficacious article lever saw. Since using your Hair Restorative my hair and vanced one cent—closing at 43 cents per gallon. The mark some enquiry for freight room, though no engagements have et has since ruled firm at this figure; receipts and stock been eff-cted—sales since our last, 1000 bbls., here, (incluvanced one cent-closing at 43 cents per gallon. The mark,

Rosin.- In the market for the finer grades we have no at \$1 75 a \$1 80 affoat and to arrive, and \$1 75 a \$1 824 ened my hair firmly. It began to fill up, grow out, and turned back to its former color, (black.) At this time it is fully restored to its original color, health and appearance, and I cheerfully recommend its use to all.

| At this time it is change of importance to report so far as regards prices.—
| For Pale the demand during the week has been exceedingly and I cheerfully recommend its use to all. light, buyers showing but little disposition to operate unless | 310 tbs. No. 1 are dull, and best Pale cannot now be at materially lower rates, which sellers refuse to accede to. quoted over \$6—the sales are 600 bbls. No. 1 at \$2 a \$5 50; We quote sales of only a few small lots (in all about 800 and 350 extra Pale, \$6 \$250 lbs. Tar, in whole parcels is bbls.) at \$3 to \$4 50 per bbl., and half price for opaque; for shipping, and retail lots, command full rates—sales 450 receipts meagre, and stock light. Nos. 1 and 2 have also bbls. Wilmington Shipping, at \$2 621; and 150 Washington per bottle; the large holds a quart, 40 per cent. more in ruled quiet, and transactions confined to about 800 bbls. of and Newbern Thin, in lots, \$2 30 a \$2 371 in order in yard. the former at \$2 to \$3 25, and of the latter 670 do. at \$1 40 to \$1 50 per bbl , according to quality. The market for Common has ruled active under the advices received, and quotations show an advance of 5 a 10 cents. But little has been received, and the stock on market is unusually light-closing with a fair demand at \$1 40, and the small quantity now offering is generally held at a higher price .-

We quote sales for the week as follows: Thursday ... 200 bbls. at \$1 20 tale bbls.
Do. ...3,500 ... 1 30 ₱ 310 lbs.
Friday, ...1,500 ... 1 30 Monday ... 3,500 " " 1 35 " " " Tuesday.... 500 " " 1 37½" " " " " Do. 600 " " 1 40 " " " " Wednesday. 500 " " 1 40 " " "

Do.1,000 " " 1 35 for small bbls. TAR-After closing our review on Thursday last the price declined 5 cents, and since then the market has ruled steady. Only about 257 bbls, received for the week, and sold at \$1 80 % bbl.

BEEF CATTLE, &c .- The market continues to be very poorly supplied with beeves, and we notice an active demand from butchers. The arrivals for some weeks past have been confined to small lots, and there is scarcely sufficient now on hand for present use. We quote grass fatted at prices ranging from 5 to 62 cents per lb .- the latter figure for prime quality. SHEEP are in rather better supply, and the demand has become somewhat checked, though an extra article would sell readily at a high figure. We quote at \$1 50 to

\$2 25 each, as in quality. BARRELS .- There has been only a light demand for some time past for empty Spirits Turpentine barrels, and consequently the market has ruled dull. The arrivals have been moderate, and the stock in first hands is accumulating. We continue to quote at \$1 65 a \$1 90 for second hand ones, with small sales.

Corron.-No change of consequence to report in this article. Only a few small lots have been received, and there is scarcely any on market; there is, however, little or no represent the wholesale price. In filling small orders, high- demand. Sale since our last (on Saturday) of only 33 bales

good middling at 10% cents per lb. CORN MEAL .- Little or none arriving from the country, and the market is poorly supplied. We note a fair demand,

and quote sales at \$1 15 per bushel. FLOUR-The market for State brands remains the same as reported on Thursday last. The advices from both home and foreign markets have continued to prove unfavorable, in con-equence of which it has ruled exceedingly dull here, and no transactions have taken place except in the small way. Retailers have sufficient on hand for present uses, and are not disposed to operate unless at lower figures, while holders generally are asking previous quotations. Not much has come in during the week, but there is a fair stock of former arrivials in dealers hands. In the present state of the market we are unable to give a correct quotation, and therefore quote nominally at \$7 to \$7 25 for superfine, and \$7 25 a \$7 50 for family; we would remark, however, that lowest figures are nearer the mark.

GRAIN-For Corn the market has ruled rather dull under the news received from abroad, and shows a material decline in price for the week just ended. There is a better supply in dealers' hands, and the demand seems to have become somewhat checked at present. The arrivals comprise 11,880 bushels, of which 370 do. (prime quality) sold at \$1 024, 150 do. at \$1. and 1.800 do. at 90 cents @ bushel; 1,600 do. remain on market unsold, and the balance came to order, and has gone into store. OATS-None received for some time past, and the supply has become pretty much worked off; there is a moderate enquiry from dealers, and a cargo or two would meet with ready sale at a fair price. PEAS-Nothing of moment has been done in either description. The market is very well supplied with Cow, and, in the absence of the usual demand, has ruled decidedly dull. We quote nominally at 90 a 95 cents per bushel-last sale being at highest figure. ---- RICE-For clean there has been only a light demand since our last, and supply moderate. We quote at 11 a 44 cents & lb., as in quantity.

HAY .- The market is rather better supplied with Northern, and prices have gone down a shade. About 1135 bales were received on Monday, of which 885 were taken by dealers at 80 cents 7/100 lbs., cash and 90 days; and balance sold on private terms. No late arrivals of Fastern, and we note some enquiry; a cargo or two would sell readily at a

LIME-Continues to be in light demand, and we note fair stock on market. A cargo of 1500 casks was received by a dealer a few days since, which is selling from wharf at \$1, and from store at \$1 10 & cask, in quantities to suit. LUMBER -River .- None received. Last sales were at

Molasses.-We have no change to report in the market for this article. There is a moderate supply of Cuba in first hands, and sales have been made at 26 to 28 cents @ gallon, as in quantity. One cargo of 247 hhds., 10 tierces, and 22 bbls. was received a day or two since, and has been stored. 81 Petatoks.—New crop Irish are selling from carts at \$1 25 to \$1 50 7 bushel.

PEA NUIS-Are in some enquiry, and none arriving; a few buyers. A small lot (124 bushels) sold on Tuesday at \$1 50 | Cazaux. P bushel.

Provision-In Bacon we have to report a decidedly dull market during the week just ended. There is but little de- & Bro.; with mdze. mand from dealers, and we note a fair stock of N. C. cured in first hands. The sales comprise only 7,000 lbs. at 114 cents, and 2500 do. at 121 cents & th. for hog round, as in McLaurin. quality. A lot of about 38,000 lbs. (a prime article) was received from Perquimans county on Tuesday, and sold at 111 cents & 1b. for hog round. The market for Wes- & Howell; with mdze. tern cured has also ruled exceedingly dull for the past two or three 'weeks, and only small sales have taken with mdze place at prices ranging within quotations in table; receipts moderate, and full supply in store .- LARD-There is only a light stock of both N. C. and Western with mdze. on market; we note very little demand, however, and hear of only small sales at quotations in table. ---- Ponk-Northern is in fair stock, and with a light demand, prices have declined 50 a 75 cents on former rates. See table for store prices according to quantity and quality.

SALT .- Liverpool ground is in light stock, and we note & Savage; with naval stores. some enquiry. A lot of 900 sacks was received in the early part of the week by a dealer, which has gone into store, and is selling at 85 to 90 cents per sack, as in quantity. We Stokley & Oldham; with corn. quote cargo price at 75 cents. For Alum there is scarcely any demand, and market pretty well supplied. Selling from store at 16 a 18 cents per bushel.

SHINGLES .- No change to notice : market dull and sales difficult to effect at quotations in table. TIMBER.-The low stage of the water courses has tended to prevent arrivals during the past few weeks, and there is dead body; the mark had worn off. none on market unsold. We note a brisk demand for mill purposes, and prime quality sells readily at high figures .-

a \$8 25 per M. FREIGHTS.—Several vessels having arrived since our last has caused rates coastwise to rule rather dull, and only lowest quotations of Thursday last has been obtained. Country produce arrives sparingly, and there is only a small quantity offering shipment; nearly all the vessels in port, however, ley & Co.; with ice for A. H. VanBokkelen. have been taken up. See table for rates.

CHARLESTON, June 8.—Corron—The sales this morning amounted to 479 bales at the following prices: 78 at 9:35 Brown & Co.; with corn. at 9½; 129 at 10; 119 at 10¼; 40 at 10½: 15 at 10½ and 60 at Schr. Ellen Randall, CORN-The arrivals of Corn since our last report has reach-

mixed North Carolina, and 5200 bushels Maryland white, a part in bags. The North Carolina sold at 95 a 97 cents a bushel, the Maryland in bulk at \$1. RICE-The market for this article has perhaps seldom been in a more unsettled state than we find ourselves compelled to report it for the past week. Buyers have operated only on compulsion, while factors endeavored to sustain prices, but without effecting this object. The market yesterday

ROUGH RICE-The arrivals of the week, about 21,000 bushels, have principally been forwarded to the mills by factors for pounding. OATS-Near 6,000 bushels Maryland received, had, in part, sold previous to arrival, and a part on landing at 62 cents.-A sale of 5,000 bushels on the way has also been made at 63

SALT-Holders of store lots, there being none affoat, have advanced their asking prices to 75 a 80 per sack for sewed and seamless sacks, there is however, but a very limited de-

mand .- News. NEW YORK, June 4-[Three Days Preceding.]-NAVAL STORLS .- Crude Turpentine is in very limited supply and nominally unchanged. Spirits Turpentine has further declined, and at the close was quite irregular-the latest transcent gallon, both the sales yesterday being at 47 a 48 c. to arrive, and 48 a 49 herc-the stock is light, and there is ding retail lots) at 48 a 50 cents cash, and 1000 do. to arrive, 47 a 49, chiefly 47 a 48, and including 600 yesterday within this range, merchautable and shipping order. The stock of Common Rosin is enlirely exhausted, and all here, and all expected for some time. has been taken at an advance of 5 a | ket street. 7½ cents € 310 lbs. Strained has also been sold extensively at the prices of Common, (the preference only being given to these at the same rates,) and there are few if any now remaining in market-sales 15,000 bbls. Common and Strained very dull, and rather nominal, though selected, as wanted
